

Spring Workdays

June 1, 2019 – Windy Hill Workday: Lost Trail

On American Hiking Society's National Trails Day, about 20 Trail Center volunteers, five crew leaders, two staff, and rangers from the Midpeninsula Regional Open Space District gathered to complete work on the second half of the Lost Trail.

Work crew made some amazing transformations in the quality of trail surfaces in many locations. Thanks to everyone who came out for a great workday!

More photos from the National Trails Day Workday can be found at <https://trailcenter.smugmug.com/1906-1-Windy-Hill/>

May 11, 2019 -- San Mateo Memorial Park: Pomponio Trail

On Saturday, May 11, Trail Center returned to San Mateo County's Memorial Park's recently reopened Pomponio Trail to continue the work begun on October 13, 2018. Our 34 volunteers, including 9 staff and crew, were a largely seasoned crew plus a few VERY energetic first time volunteers. Some of our volunteers even camped in the park at Huckleberry Flat the night before the workday

More photos from the Memorial Park workday in May can be found at

Saturday April 20, 2019 – Purisima Open Space Preserve: Craig Britton Trail

The Trail Center's Earth Day project had our volunteers working on the Craig Britton Trail in the Purisima Creek Redwoods Open Space Preserve, part of the Midpeninsula Regional Open Space District. Weather was wet, but the crews managed to complete a good portion of the southern half of the Craig Britton Trail.

You can find photos from the workday at: <https://trailcenter.smugmug.com/1904-20-Purisima/>

For complete details in workday reports for the Trail Center's spring 2019 workdays, as well as other workdays, see our website at <https://www.trailcenter.org/category/reports/>

Upcoming volunteer opportunities (click links for details)

Saturday August 24, 2019 – San Mateo Memorial Park

Activities: We will return to Memorial Park's Pomponio Trail for plenty of brushing and tread restoration as we work to complete the last phase of getting this trail back in action!

Saturday, September 21, 2019 – Portola Redwoods State Park

Activities: We will be working on a reroute of a part of the Iverson Trail that had a waterflow get redirected into it during a recent winter

Saturday, October 12, 2019 – Portola Redwoods State Park

Activities: We will be complete work on a reroute of a part of the Iverson Trail that had a waterflow get redirected into it during a recent winter
